Remove Historic Grayling Building

The New York Central freight warehouse on Norway Street across from the Welsh Motor Sales and apartments, which has served Grayling and the surrounding area since the 1870's or earlier, has been taken down as far as the flooring.

The railroad has discontinued handling less than carload lots of freight here and has no further use for the building.

Bids were requested for its removal and Earl Broadbent's was accepted. He is removing the lumber for his own use.

Mr. Broadbent has found one board in the building which has the date 1875 on it, with a name and several sets of initials, which may have been written when the warehouse was under construction by the Michigan Central railroad, or he possibly someone's birth date. He has taken out boards 24 inches wide and 20 feet long; also timbers that are a foot square. Square nails were used to fasten the structure when it was made, and wooden dowels used to fasten the mortised timbers.

A freight bill for a barrel of sugar, a case of dry goods, a heating stove and 2 bales of bats, all for Salling, Hanson Company and dated 1883, was found while tearing the building down.

The structure was 24 feet by 60 feet in size, with a loading platform which was originally about 100 feet long.

Home Extension News

The Northwoods Home Extension group met at the home of Mrs. Kip Papendick on the night of January 5th. There were eight members present.

We each made a lint brush out of art foam. The penny prize was won by Mrs. Phil Miller. Our next meeting will be at the home of Mrs. Clayton Hildebrandt on January 26th. We hope to present the lesson on dressing by design which is in the townhall on January 22nd. Every member is to bring one project that can be made during the following year. If you do not get a project for that night you will be fined. We need ideas badly, so maybe this will help.

We talked about Secret Pals but are going to wait until April to do any more about it. We hope we can get some new members in by then. Do you know anyone wanting to join? If so, bring them to our next meeting. We will have room for four new members.

Letters To The Editor

Following is a letter received by Mrs. Stan Fowler, who recently mailed a collection of stamps to the Philately Club at Ionia State Hospital, Drawer 494, Ionia, Mich.:

Dear friends:
There are not enough adequate words to express the humble gratitude for your most generous donation. It is most substantial received by our club in many months. You may rest assure that the needy deserving members have already received your most generous gift. It is sincerely hoped that your contributions will continue, also it

is our hopeful thought that you may have friends and neighbors that may be equally thoughtful and generous.

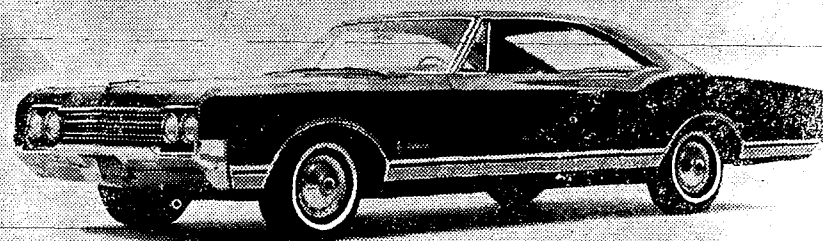

The number of persons making donations are few. It is for this reason that we solicit your assistance. The number of members in need are at times more than we can assist. We must depend upon donations such as yours as we receive no assistance from the State or hospital.

Once again I take this opportunity to thank you and wish you a most joyous holiday season.

Sure.

You might find another car
as new as the Delta 88.

But not this year.

This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New clear through.

Styling is new. So new, not a line nor a highlight was borrowed from last year.

Power plant is new. Super Rocket V-8 is the biggest in Olds history: 425-cubic-inches big, up to 370-horsepower strong.

Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, provides up to 40% more torque from a standing start, superlative performance at all speeds.

New styling. New engine. New transmission. This year, only Delta 88 lets you have all three, all new. Other cars have a lot of catching up to do.

Residents of This Earth . . .

It is often said that man has made more material progress within living memory than in a multitude of preceding generations. It has happened so swiftly, and in so many diverse areas, that we take calmly for granted accomplishments that would have seemed impossible miracles to our grandfathers.

In a recent speech, Juan T. Trippe, chairman of this country's principal overseas airline, Pan American, said: "There have been creative revolutions before: At the beginning of recorded history, the great agricultural revolution, which made human civilization possible. In the 18th century, the industrial revolution which created what we call the 'modern world'. But these, and other lesser revolutions like them, took centuries, even millennia to accomplish. Whereas ours has taken place in a lifetime . . . From Kitty Hawk to jet transport — just fifty years."

Mr. Trippe spoke also of the negative side of this — of military aviation capable of destruction on a total scale. But, as he sees it, "Because of aviation, men are beginning to think of themselves and of their earth in different terms — terms which make war — ultimate war — less and less acceptable." Not long ago, as time runs, most people knew and thought of themselves as belonging to only a tiny part of the world — a part as small as a town or even a section of a town. Now, because of the vast mobility the jet plane has done so much to make possible, more and more of us realize that, in Mr. Trippe's eloquent phrase, "we are residents of this earth." There is a growing closeness among peoples — in terms of time, of human hopes, of a concept of common destiny — which did not exist before.

This is the significance of the jet age — an age in which planes of peace can span the world in a matter of hours.

Gains or Losses?

The AFL-CIO Executive Council has announced a legislative program for the coming year. It includes repeal of that provision of the Taft-Hartley Law which permits the states to adopt right-to-work laws banning compulsory union membership; an increase in the min-

imum wage to \$2 an hour, and reduction of the work week to 35 hours.

The Council has a perfect right to advocate these moves. But it is essential that the other side be heard too. There is nothing "antilabor" or "antiunion" about right-to-work. It simply gives each worker the privilege of deciding for himself whether or not he wants to join. Neither the union nor management can coerce him either way on pain of losing his livelihood. And there is every reason to believe that this makes for better unions — because they must gain their membership and their income on the basis of service rendered, not on the basis of compulsion.

The large proposed increase in the minimum wage would in all probability hurt those it is supposed to aid. Unskilled people, whose productivity would not justify the pay, would find it more and more difficult to obtain employment. And they thus would be denied the opportunity to gain experience and to learn skills that would justify more responsible, better-paying work.

The cut in the work week would, in its turn, greatly increase the cost of doing business. The result would be higher prices — that is, more inflation. And everyone, the low-income groups most of all, would be the sufferers.

Labor can be justifiably proud of the great gains it has made. Its leaders should take care that demands for compulsion and artificially crowded gains do not turn into losses.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

January 15, 1942

A train wreck near Cheboygan Tuesday morning killed one member of the crew, while the other crewmen and 26 passengers escaped injury. The accident occurred nine miles south of Cheboygan to a Michigan Central early north-bound train at about 7:35 a. m. when it is reported, one of the rails spread. Engineer Wm. P. Daoust jumped from the cab and escaped injury. Fireman Fred C. Barry was unable to leave the cab and was pinned in and died. The latter was 60 years of age and resided in Bay City. He was well known in Grayling. The locomotive left the tracks at a place where they run along a narrow strip between highway US-27 and Mullett Lake near Birchwood two miles north of Topinabee. Two hundred feet of track were torn up as the heavy locomotive dragged four cars of the seven car train off the rails. The engine came to rest 20 feet from the highway and 100 feet from the lake. Two of the four cars derailed were up-ended at a sharp angle.

James Thomas Brown, son of Mr. and Mrs. James Brown; Lloyd Gierke, son of Mr. and Mrs. Lloyd Gierke; and James Albert Ray of Frederic, draftees, left Wednesday morning by bus for Camp Custer.

Mr. and Mrs. Eugene Papendick gave a party for the Birthday club last Saturday evening. They had planned a New Year's party but owing to the dance at the school postponed it until Saturday evening.

A Red Cross meeting was held Saturday afternoon at the home of Mrs. Harry Horton in Frederic. Mrs. C. G. Clippert, Mrs. J. L. Martin, Mrs. C. R. Keyport and Mrs. A. J. Joseph of the local chapter attended the meeting, taking the Frederic ladies a quantity of yarn for sweaters and material for six dresses. Mrs. Horton will have charge of production at Frederic; Mrs. Laura Wallace is sewing chairman and Mrs. C. Henry Battles knitting chairman. Mrs. Joseph told about the classes in home nursing that are being held in Grayling, and Frederic ladies plan to organize a class there soon. Latest reports on the Roll Call say Frederic will have \$50. They are also organizing a Junior Red-Cross in the school.

The first snow train of the 1942 season came in Sunday noon bringing a group of 425 passengers. And they weren't confined to youngsters alone for many middle-age and older people were along, to enjoy the festivities that can only be enjoyed when winter sports conditions are just right.

In a very exciting basketball game Wednesday night at the school gym, players representing the north side of Michigan avenue defeated their across-the-street neighbors by a score of 31 to 30. Floyd Davis was captain of the Northsiders and Wesley Dunham of the Southsiders. On the lineups were some of Grayling's once great players — a little rusty in planned plays and perhaps not quite as supple as they used to be, but still they gave good accounts of themselves. It was a lot of fun to watch these "great" teams clash on the court. Reggie Sheehy was the referee and was very liberal in interpreting the plays. Charles Long, owner of the Long Market, sent the fans cheering when he dribbled the ball a couple of times, tucked it under his arm like a football and ran down the field for a "touch-down" dropping the sphere neatly through the hoop. Few fouls were called and rules violations noticed and the fans owe Reggie a debt of gratitude for the keen way in which he overlooked them. The admission price was three 10c defense stamps the purchaser keeping the stamps himself. The gate amounted to exactly \$22.00, which we consider exceptionally good.

CHEVROLET—As roomy a car as Chevrolet's ever built.

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year and the attractively curved windows help to give you more shoulder room. The engine's been moved forward to give you more foot room. So, besides the way a '65 Chevrolet looks and rides, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

CORVAIR—The only rear engine American car made.

You should read what the automotive magazines say about the '65 Corvair. They're wild about its ride. They think there's nothing else this side of the Atlantic that can touch its styling. They say if you haven't driven a new Corvair Corsa with a 180-hp Six Turbo-Charged! you just don't know what you're missing.

Chamber of Commerce Minutes

Regular meeting of Crawford County Chamber of Commerce, January 7th, 1965.

Members present: Billie Forbes, Carol West, Melvin Nielson, Frank May and Sal Truettner.

Members absent: Marvin Miller, Bill Tufts, Chuck Kroll and Sandy Thompson.

Meeting called to order by President Wirt at 5:10 p. m.

Copies of the audit prepared by Clifford Peterson were passed out to the Board members. They were instructed to look them over and the Audit of Books on the agenda be tabled until next meeting.

Treasurer's report was given by Treasurer Nielson. Motion by Forbes and seconded by Truettner that this report be accepted. All Ayes.

Letters were read regarding a meeting of Chamber managers to be held in Gaylord January 29th and an invitation from Houghton Lake's Tip-Up Town to submit a float.

It was moved by Carol West and seconded by Melvin Nielson that Frank May be authorized to investigate costs and ideas on construction of a float that could be converted for multiple uses. All Ayes.

Two thousand pieces of Crawford County literature have been passed on to East Michigan Tourist Association for use at the Cincinnati Travel Show. E.M.T.A. will prepare the display panel, photographs and personnel to man the booth. Chamber members having literature that they wish distributed at the show are asked to have it at the Chamber office by Feb. 1st.

The Board was brought up to date on Winter Carnival plans by the Winter Carnival committee.

Correspondence relative to permission to hold a spring Sports Car Race at the Airport was read by President Wirt. A Sports Car Race committee of three persons is needed. Several names were suggested.

Other matters of importance were discussed.

Motion by Nielson and seconded by Forbes that this meeting be adjourned at 7:30 p. m.

Next meeting to be held 28th January 1965.

Moose Lodge Activities

The Mooseheart Auditor arrived Friday, and left the middle of this week, on his annual visit to the lodge. He seemed very satisfied with what he found, and gave us a few ideas that he has learned from visiting the other lodges that we might improve even more. A special meeting of officers and committee chairmen was held Monday evening, while he was here.

There was a district meeting at Cadillac Sunday.

This Sunday is the Legion meeting at St. Louis.

Friday evening is meeting night. A report of the audit will be given among other things. This is also social night.

Sunday, January 24th is our next Enrollment. The ceremonies will be done by the Muskegon Degree team. As of this writing there are thirteen persons who have not been enrolled yet, who have been accepted by the lodge. The Enrollment will start at two p.m.

It looked a little bleak for awhile on the lodge getting a Lifetime membership, but things are "looking up" in pretty good shape now. Unless something happens before, the drawing should be early in February. Possibly around the sixth.

First quarter dues for 1965 are due. If you let your dues lapse, you are not eligible for Moose benefits for another six months. Why not be an annual payer, and be eligible for a Lifetime membership.

To correct an error, by this writer, it was stated in last week's column that the nominating committee would be selected the first meeting in February. The correction is, that they will be appointed by the last meeting in February, and not the first meeting.

The only place you should discuss lodge business is at the meetings. This is the only place it can be acted on; so we'll see you at the meeting Friday night at 8 p.m.

BRUMM - McLEOD WED IN DETROIT

Sp/4 Richard A. McLeod and his bride, the former Veronica Kay Brumm, whose marriage took place December 12, 1964 at the Gracious Saviour Evangelical Lutheran church in Detroit. He is the son of Mr. and Mrs. William McLeod of Grayling and she is the daughter of Mr. and Mrs. Ellsworth W. Brumm of Detroit.

The seven-thirty candlelight service was performed by the Rev. Thomas V. Waber. White gladioli and mums graced the altar. Miss Darlinda Noss was the organist. Miss Brumm wore a floor-length gown of satin and silk organza with Chantilly lace bodice designed by her self and made by her sister, Mrs. David Basso. With it she wore her grandmother's diamond pendant. Her flowers were white sweetheart roses and ivy. Her attendants were her sisters, Mrs. David Basso and Mrs. Robert Bouse, and her cousin, Miss Karen Moore, who wore floor-length gowns in shades of aqua and carried pink sweetheart roses and carnations.

Best man was Richard Ames of Grayling. David Basso and Robert Bouse seated the one hundred guests.

Mrs. Brumm chose a beige lace costume, while Mrs. McLeod wore a two-piece metallic dress of brown and gold. Both mothers wore bronze and gold tipped carnation corsages.

A reception was held immediately following in the church parlors. The newlyweds are making their home at Warrenton, Va., where Mr. McLeod is with the U. S. Army.

Out of town guests were Mrs. Ida May Coppin and Mrs. Nellie Allison of Ft. Lauderdale, Fla., Mr.

Need to Report Farm Workers Wage

Farmers in this area were reminded today that annual reports of the earnings of their farm workers are due in the office of the District Director of Internal Revenue by February 1, 1965.
Farm employers who fail to file a yearly report on the earnings of their farm employees and fail to pay the social security taxes due are subject to penalties and interest charges on the unpaid taxes.
E. O. Wiles, Traverse City, social security district manager, and R. I. Nixon, District Director of Internal Revenue at Detroit, noted that the earnings of most farm workers are covered under social security. A farm employee, to be covered, must be paid at least \$159 in cash wages by his employer, or work for the employer on 20 or more days during the year for cash wages figured on a time basis (rather than on a piece-rate basis).
For 1964 the social security tax rate is 3% percent each for employer and employee on cash wages up to \$4,800. The tax amount must be entered on Form 943 (Employer's Annual Tax Return for Agricultural Employees) together with the total amount of cash wages paid to each farm worker and his social security number. The completed form must be filed with the District Director of Internal Revenue at Detroit, on or before February 1, 1965.

Business Population In Crawford County Up 3%

Today, W. S. Garrison, district manager of the Detroit office of Dun & Bradstreet, Inc., announced statement requests were mailed to over 115 businesses in Crawford County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1965, totaled 111 manufacturers, wholesalers, and retailers in this area as compared with 108 in January 1964 — an increase of 3 per cent for the period.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

BITS O' TALK

Mr. and Mrs. Jerry Burns have purchased the former Clippert home on Michigan Avenue and planned to move in over the weekend.

Holiday guests of the Gordon Ponds were Mr. and Mrs. Dan Mika of Bay City and Mr. and Mrs. Leo Purvis of Muskegon. Miss Candy Pond spent New Year's in Flint and Mt. Pleasant visiting the Tony Clarks.

Hans Peterson left the forepart of the week for Florida to spend the winter months traveling in the south.

Mr. and Mrs. George Hilton enjoyed a month's vacation in December, driving first to Nashville, Tenn., and flying from there to Phoenix, Ariz., to spend some time with their daughter Nancy. They flew back to Nashville and drove from there to Bradenton, Florida, to visit Mrs. Hilton's father and sister, Nels Corwin and Ruth. They spent Christmas with their son Terry Hilton and family at Jacksonville, Florida, and arrived back home on New Year's Day.

Mr. and Mrs. William Greene and daughters Janice and Kathy of Cheyenne, Wyoming, were holiday guests of his folks, the Walter Mangsens. New Year's weekend Mr. and Mrs. Robert Paulsen and Mr. and Mrs. Emory Howbray all of Detroit visited the Mangsens. Miss Donna Paulsen was the guest of the Clair Mangsens last week.

Mr. and Mrs. John Tuckfield and two children of Birmingham spent New Year's week at the Paulsen cottage at McIntyre's Landing.

The address of Mr. and Mrs. Jack Smith (Carol Mayer) is 6089 Amberton Drive, Jackson, Michigan. Our apologies for getting it incorrect in last week's paper.

Art students Steve LaGrow, Walt Neilsen, Mike Corlew and David Annis are responsible for the Christmas scene painted on the bank window.

Lacey Stephan, Jr., returned to Northern Michigan University at Marquette January 3rd after spending the holidays visiting his parents.

Clarence Roberts, Gary Worden and Clint Bancroft returned Tuesday from a Canadian vacation, a day later than expected. Seems there was a misunderstanding in the matter of their catching the train back which delayed them.

Mrs. Lewis Krome of Lincoln Park arrived Wednesday last to spend some time with her sister, Mrs. Herbert Stephan. The Kromes were here New Year's to visit her mother, Mrs. Carl Larson, and the Stephens.

Letters To The Editor

Sebring, Florida
January 4, 1965

Hi Folks:
Another year and here we are again.

After a very lovely dinner on Christmas Day at Norval and Tressa Stephens, we finished packing, and at 7:45 a.m. December 26th we left home, expecting to drive as far as Kalamazoo, leave our car with our son Arnold and continue our journey to Sebring, Florida, by train. On arriving at Kalamazoo and investigating train accommodations, we found the connections unsatisfactory, so decided to continue on, by driving as we always had in previous years.

Sunday December 27th—Left our son Howard's home at noon, drove to Franklin, Indiana, by evening.

Monday, December 28th—Left at day break, drove to Fayetteville, Kentucky.

Tuesday, December 29th—Again we were on our way by daylight, drove to Dothan, Alabama, here is where our trouble started, not expecting to drive the car I left my extra car keys that I normally carried on a pocket chain home—had an extra set in document box locked in car trunk—on arriving at Dothan, we took a quick look at a motel room, came out locked the car, went to a nearby restaurant, there were two policemen eating there; we came back to our car, found we had locked the keys in it—I was about to break a small window when mom said, "Why don't you get a policeman, they may have an idea without breaking the window." We got the police, and they were very courteous too, with the aid of a wire they got a window open, they refused any monetary compensation—we were all fine once more, I got the document box from the trunk, got the extra keys, put them in my purse—had a good night rest.

Wednesday, December 30—Started out about the usual time, weather has been fine each day, we drove some 150 miles, suddenly it popped in my mind I had left the document box in our motel room. I called back, the box had been picked up and was at the motel office. It is to be sent by mail, at this writing, it hasn't arrived yet, I'm hoping it will. We drove on to Yanketown, Florida, stopped in to see Archie and June Feldhauser, for a while, spent the night at Inglis, Florida, a village near Yanketown.

Thursday, December 31st—It is only 160 miles from Inglis to Sebring; we arrived at the latter place at noon today—we had on our apartment ahead of time so we were all set to start living.

The weather has been nice, ranging from in the 50's to upper 70's, the orange groves are nicer than I have ever seen them before, also the poinsettias.

Have a nice New Year and we will see you in April.
